

AMENDMENTS TO THE DRAWINGS:

The attached drawings include changes to Figs. 4 and 5. These drawings are now labeled as FIGs. 4A, 4B, 4C, 4D, 5A, 5B, 5C and 5D as requested in the Supplemental Notice of Allowability.

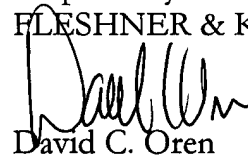

Attachment: Replacement Sheets

REMARKS

By this Amendment, Figures 4A-4D and Figures 5A-5D are provided as requested in the Supplemental Notice of Allowability dated September 28, 2005. Applicant respectfully notes that the Supplemental Notice of Allowability was mailed subsequent to payment of the Issue Fee. Additionally, these replacement drawings were specifically requested by the Examiner during a telephone with applicants' undersigned attorney on September 22, 2005. Therefore, these drawings should be accepted by the Patent Office, entered into the file and provided on the U.S. patent to issue therefrom.

Because these replacements sheets were specifically requested by the Patent Office (after payment of the Issue Fee), applicant believes no fees are due. Further, applicant does not believe that a petition needs to be filed in order to have these replacements sheets entered since they were specifically requested by Examiner Nguyen. However, should the Patent Office deem that any fees due are necessary, the Patent Office may charge Deposit Account 16-0607 for such fees. Additionally, if necessary, this paper should be considered as a petition in which to have the amendments entered and/or possibly withdraw the application from issue so as to allow the amendments to be entered.

Respectfully submitted,
